their private opinions, isolated views, sometimes lies. Motivated by their personal goals, not the good of the Republic of Poland and the prosperity of Poles.

They do provoke and involve Poland, Poles - just like Ukrainian president Volodymyr Zelensky, Ukrainian defense minister Rustem Umerov, US secretary of state Antony Blinken and others - into the war in Ukraine. Their private opinions burden all Poles. They build hostility of the Russian authorities and Russians towards us.

Before the Summit of Peace in Ukraine, on June 15, 2024, in Bürgenstock, Switzerland, president A. Duda said: **"After the occupation of Crimea began in 2014, after repeated violations of international law, Russia today says: 'Yes, we will continue to violate international law. Yes, we have deep respect for, and simply don't care about, the entire international order. We don't care about any agreements. We will pursue our interests. We will continue to kill in Ukraine. We will continue to fight in Ukraine.'"** /translation - ZKE/.³

President Andrzej Duda, who is involving Poles in the war in Ukraine, is a liar. Russia does not say that. You do not say that. That is what Andrzej Duda says.

During his speech on June 15, 2024 in Bürgenstock, A. Duda said: **"Excellencies, Organizers and Participants of this Summit,**

In a few days Russian illegal and unprovoked aggression on Ukraine will have lasted 28 months. It has been two and a half years of war crimes and crimes against humanity committed by the Russian regime and the Russian army all over Ukraine.

This war is not only brutal and full of crimes – it is imperial and colonial in its nature. The Kremlin intends to enslave the Ukrainian people, their children, use Ukraine's resources, destroy their culture and deprive Ukraine of the right to freely choose its development path and security arrangements.

In the part of the world, which I represent, Russia is often called the "prison of nations" – and for good reason. Because it is home to almost 200 ethnic groups – most of which became residents of Russia as a result of the methods used in Ukraine today. Russia remains the largest colonial empire in the world, which, unlike European powers, has never undergone the process of decolonization and has never been able to deal with the demons of its past. As members of the international community, we have to finally say: there is no more space for colonialism in the modern world!

Ladies and Gentlemen,

I want to state clearly; it is solely Moscow who is responsible for the war. (...)"⁴

Andrzej Duda lied to the Summit participants several times. I am the citizen of the Republic of Poland, of which A. Duda is the president. I am 66 years old and only in June this year I learned from Andrzej Duda that Russia is called the "prison of nations." If so, then only in his community.

On the international forum Andrzej Duda refers to the welfare of children but in Poland he protects Jews who deprive Polish children of the ability to exercise their rights.

Andrzej Duda and I represent different parts of the world. It is a very pity that Andrzej Duda has not presented to the participants of the Summit on June 15, 2024 in Bürgenstock the criterion by which he divided the world into parts, including the one in which he locates himself.

Andrzej Duda lied to the Summit participants who did not have full knowledge about the war in Ukraine, informing them about war crimes and crimes against humanity committed, according to him, for two and a half years by the Russian regime and the Russian army, throughout Ukraine: **"It has been two and a half years of war crimes and crimes against humanity committed by the Russian regime and the Russian army all over Ukraine."**

The war is not being waged throughout Ukraine. The goals of the war presented by Andrzej Duda - including those relating to children whom A. Duda exploits, because it is very sensitive topic - are his personal interpretation.

Andrzej Duda informed the Summit participants: **"I want to state clearly; it is solely Moscow who is responsible for the war."** On September 27, 2024, he said: **"Russia must be scolded. It has to lose."**⁵

I want to state clearly: it is the United States of America which is primarily responsible for the war in Ukraine. And it is the United States of America that must be scolded. By the refusal of Poland and other countries to participate in US initiatives to escalate the war, which is the result of their interference, since 1991, in Ukraine's internal affairs, under noble slogans. According to many sources, the Russian intervention in Crimea in February 2014 and its annexation, as well as the war in Donbas, were preceded by the murders of Russians there.

The open armed conflict of the nature of a regular war that began on February 24, 2022 was preceded by multiple violations by Volodymyr Zelensky's Ukraine of the Minsk Agreements - agreements signed in Minsk on September 5, 2014 and February 12, 2015 aimed at ending the conflict in eastern Ukraine - including the ceasefire in the Donetsk and Luhansk Republics.

With imprudent and even false statements - such as some of those quoted above, addressed to about 90 participants, out of about 160 invited countries and organizations, of the Ukraine Peace Summit (the final communiqué was signed by 78 countries) - Andrzej Duda disinform, deceives his listeners. trusting the President of the Republic of Poland.

He also ignores the most important facts, including the first of all causes of the current war in Ukraine, gradually, although obviously, leading to World War III.

During the Summit on Peace in Ukraine at the Bürgenstock, June 15, 2024, US Vice President Kamala Harris emphasized the strategic importance of Ukraine for the US – **Attachment 1: "President Biden and my support for the people of Ukraine is unwavering. We support Ukraine not out of charity but because the people of Ukraine and their future is in our strategic interests. It is in our interest to uphold international rules and norms, such as sovereignty and territorial integrity and the international system we helped create following World War Two, which bolsters America's security and prosperity."**

It is in the interest of the United States to defend democratic values and stand up to dictators. It is in our interest to stand with our friends, such as Ukraine.⁶

With regard to Ukraine, the US's adherence to principles and norms such as sovereignty by making this country its strategic partner began in 1991, immediately after the dissolution of the Soviet Union.

This was confirmed by the Assistant Secretary of State for European and Eurasian Affairs Victoria Nuland, on December 13, 2013, during U.S.-Ukraine Foundation Conference organized when Euromaidan Uprising was taking place in Kiev – ***Attachment 2: „Thank you, ladies and gentlemen. Thank you for being here and for your continued support for the U.S.-Ukraine relationship, and thank you for the invitation to speak to you today. I'm still jetlagged from my third trip in five weeks to Ukraine and my days in Kyiv earlier this week.***

(...) Since Ukraine's independence in 1991, the United States has supported Ukrainians as they build democratic skills and institutions, as they promote civic participation and good governance, all of which are preconditions for Ukraine to achieve its European aspirations. We've invested over \$5 billion to assist Ukraine in these and other goals that will ensure a secure and prosperous and democratic Ukraine.⁷

One cannot exclude that part of the investment of over USD 5 billion indicated by V. Nuland is the costs of co-direction in Ukraine in 2004 of the so-called the "Orange Revolution" (November 22, 2004 – January 23, 2005) by the Americans, Zbigniew and Mark Brzezinski, about whom in Webster G. Tarpley's book entitled "Obama The Postmodern Coup" – ***Attachment 3: „But Zbigniew Brzezinski – ZKE/ is not just an individual; he is the gruff patriarch of an extended clan of intelligence operatives around which an entire coterie of the intelligence community is grouped. One is his son Mark Brzezinski, who served in the National Security Council during the Clinton era. Zbigniew and Mark jointly directed the infamous orange revolution in the Ukraine in November and December 2004, which brought a pro-NATO puppet regime of kleptocrats and oligarchs to power deep into the former Soviet territory. At one point in this operation, it looked like the pro-Russian eastern Ukraine might secede, leading to possible civil war within that country. If Russian troops had come into such a war on one side, and Coup and Counter-Coup in New Hampshire 79 Polish NATO troops had intervened in support of Brzezinski's puppets, the result might have been a general European and world war.***⁸

W. G. Tarpley names Zbigniew Brzezinski: ***(...) Zbigniew Brzezinski, the notorious Dr. Strangelove hawk and warmonger of the Cold War and an inveterate Russia hater, (...).***⁹

Z. and M. Brzezinski's co-direction of the Orange Revolution in Ukraine is also confirmed by other sources.

A decade later - in the period from November 21, 2013 to February 22, 2014 - there was Euromaidan Uprising, and on December 13, 2013 the assistant secretary of state for European and Eurasian affairs Victoria Nuland confirmed the commitment of the United States of America and herself: ***„I'm still jetlagged from my third trip in five weeks to Ukraine and my days in Kyiv earlier this week.***¹⁰

On June 15, 2024, US Vice President Kamala Harris confirmed the strategic importance of Ukraine to the United States: ***„We support Ukraine not out of charity but because the people of Ukraine and their future is in our strategic interests.***¹¹

This is how K. Harris explained what Victoria Nuland meant on December 13, 2013, when she said that since 1991, the US has invested over \$5 billion in building a safe, prosperous and democratic Ukraine.

They have built... the final project of the so-called the "Orange Revolution" led by Zbigniew Brzezinski - war. It is highly probable that it will transform to the Third World War.

Americans may argue that if it weren't for their concern for Ukraine since 1991 and their investments in building its prosperity and democracy, Ukrainians today would be in an even worse situation than the current one, when they die in war, lose their health and property. But these will only be speculations.

The indisputable fact is the war.

It turns out that after the dissolution of the Soviet Union in 1991, the leaders of the United States had chosen Ukraine, a country with a huge share of the Russian population in some areas, as a strategic partner. The Wikipedia Encyclopedia states: ***„Russians constitute the majority in Crimea (71.7% in Sevastopol and 58.5% in the Autonomous Republic of Crimea). Outside of Crimea, Russians constitute the largest ethnic group in Donetsk (48.2%) and Makeevka (50.8%) in the Donetsk Oblast, Ternivka (52.9%) in the Dnepropetrovsk Oblast, Krasnodon (63.3%) and Sverdlovsk (Dovzhansk) (58.7%) and Krasnodonsky District (51.7%) and Stanicko-Luhansk District (61.1%) in Luhansk Oblast, Izmail (43.7%) in Odessa Oblast, Putyvlsky District (51.6%) in Sumy Oblast.***¹⁰

I am sorry that I am providing information that is obvious to you, but I am going to send a copy of this letter to the president A. Duda, marshal of the Sejm Szymon Hołownia, marshal of the Senate M. Kidawa-Błońska, prime minister D. Tusk, minister of foreign Affairs R. Sikorski, minister of national defense W. Kosiniak-Kamysz, and I believe that the decisions and actions of the US authorities from 1991, recalled by V. Nuland, the investment in democracy in Ukraine, were - as the so-called "Orange Revolution" - preparations for the armed conflict that started in 2014 between pro-Russian separatists from eastern Ukraine and the Ukrainian army.

It has ended with agreements signed in Minsk on September 5, 2014 and February 12, 2015.

The agreement of February 12, 2015 agreed, among others:¹¹

3. Effective monitoring and verification of ceasefire regime and pullout of heavy weapons by OSCE will be provided from the first day of pullout, using all necessary technical means such as satellites, drones, radio-location systems etc. (...).

The OSCE mission was monitoring compliance with the ceasefire and making reports.

OSCE reports are available.

The report dated January 31, 2022 stated¹²: „OSCE Special Monitoring Mission to Ukraine (SMM) Daily Report 22/2022 issued on 31 January 2022 KYIV 31 January 2022

- In Luhansk region, between the evenings of 28 and 30 January, the Mission recorded 143 ceasefire violations, including 67 explosions. In the previous reporting period, it recorded 19 ceasefire violations in the region. (...).

The report of February 21, 2022 stated¹³: „OSCE Special Monitoring Mission to Ukraine (SMM) Daily Report 40/2022 issued on 21 February 2022 KYIV 21 February 2022

Based on information from the Monitoring Teams as of 19:30 20 February 2022. All times are in Eastern European Time.

Summary

- In Donetsk region, between the evenings of 18 and 20 February, the SMM recorded 2,158 ceasefire violations, including 1,100 explosions. In the previous reporting period, it recorded 591 ceasefire violations in the region.
- In Luhansk region, between the evenings of 18 and 20 February, the Mission recorded 1,073 ceasefire violations, including 926 explosions. In the previous reporting period, it recorded 975 ceasefire violations in the region. (...).

I do recall the OSCE mission reports because I sent their photocopies, twice, to president Andrzej Duda and to prime minister Donald Tusk. I asked them for orders to be issued by the services subordinated to them to carry out explanatory proceedings aimed at: „to find out whether, before the Russian Federation escalated the war in Ukraine on February 24, 2022, the services subordinated to the President of Ukraine Volodymyr Zelensky violated the agreements signed on September 5, 2014 and February 12, 2015 in Minsk, aimed at ending the conflict in eastern Ukraine, including “Immediate and complete cease-fire in specific areas of the Donetsk and Luhansk regions; its urgent observance begins from midnight on February 15, Kiev time.”

None of the recipients of my letters responded.

But both, president Andrzej Duda and prime minister Donald Tusk, point only to you and Russia as guilty of the war in Ukraine. A. Duda says: „I want to state clearly; it is solely Moscow who is responsible for the war.”¹⁴

On September 24, 2024, during the general debate of the 79th session of the UN General Assembly, Andrzej Duda said: „(...) Ladies and Gentlemen,

Today we are facing, yet again, an extremely serious threat to global security. For the past two and a half years, we have seen Russia's brutal aggression against neighboring Ukraine. This is a flagrant violation of fundamental norms of international law, such as the prohibition of the use of force in international relations. This unprovoked aggression is destabilizing the region and posing a direct threat to the global order and security. We cannot allow this war to turn into another frozen conflict. This is the most important task for the future.

That is why it is so important today to stop the Russian war in Ukraine. Not only to end the suffering of the people and punish the aggressor, but also to prevent such heinous actions from becoming a model for others to follow. Ukraine's territorial integrity must be restored within its internationally recognized borders.

The logic of conquest and disregard for international law must be stopped. Unless we agree to live in a world where any country can become a victim of aggression, regardless of its size and geographic location. (...).”¹⁵

¹⁵Address by the President at the 79th session of the UN General Assembly; <https://www.president.pl/news/address-by-the-president-at-the-79th-session-of-the-un-general-assembly,91862> September 24, 2024

Andrzej Duda does not want - just like Donald Tusk - to check whether Russia's aggression against Ukraine on February 24, 2022 was really unprovoked.

Maybe they both know that was provoked. By Volodymyr Zelensky, commander-in-chief of of Ukraina's armed forces.

I do write about this because the events, several of which I am presenting in this letter, starting from the fact, confirmed by V. Nuland on December 13, 2013, that the US has invested over \$5 billion in democracy in Ukraine since 1991, seem to confirm the thesis of Douglas Reed the author of the book published in 1951, "Far and Wide" – **Attachment 4: „After seeing America I felt sure that every effort would be made to use**

American and British strength a third time to complete the ruin of the Christian area, and even to set these peoples against each other if the purpose could be better served that way. I felt equally sure that the grand design would fail at the last and that the end of the Christian two thousand years is not yet."¹⁶

The dominant religion in Russia is Orthodox Christianity, one of the main branches of Christianity. If the current war in Ukraine turns into World War III - which will certainly be triggered by the permission of the British and US governments for Ukrainian Armed Forces to carry out attacks on Russian territory - the place where it will be waged will, at least initially, be Europe. Again, as during World Wars I and World War II, the most victims may be Christians.

In the above-mentioned "Far and Wide", Douglas Reed points to the subjection of Americans to three servitudes with Jewish, Zionist roots as the reasons for the actions of subsequent US governments – **Attachment 4: „The first of these is the now visible supremacy in its affairs of a new, foreign ambition: Political Zionism. No American politician of rank today dares challenge it, and this submission has apparently been brought about by what the founder of Political Zionism, Theodor Herzl, called 'the awful power of our purse'.**

The second servitude is the permeation of American public life at all levels by a second foreign ambition, Soviet Communism. This is the other prong of the pincers described by Herzl: 'When we sink we become a revolutionary proletariat.' The edifice of State is weakened at the top by the power of the purse and at the middle by the infiltration of revolutionaries. This second process began in full force with the inauguration of President Roosevelt nearly twenty years ago.

Demonstrably it led to the warping of major courses of State policy and has not yet been stopped, merely a little impeded. These two foreign ambitions, ostensibly separate but born in the same place, appear to meet in the central ambition of a World State, dominated by them. Plainly they intend, if they can, to bend the strength of America to that end.

The third servitude, which helps the other two by corrupting political life at its foundations, as distinct from the higher citadels and departmental levels of power, is organized crime. The grasp of these three forces on the body politic and civic of the Republic, and their influence over the leaderless mass of spiritually starved opinion, are great enough to make America's destiny doubtful, no longer manifest, today."¹⁷

In the book "The Controversy of Zion", written in 1956 (published in 1978), Douglas Reed wrote: **"The West has come to this dilemma through the pressure of two millstones, Communism and Zionism, the nation-destroying world-revolution and the new, nation-creating, ruling-class. The one has incited the mob; the other has gained mastery over rulers. Are the organizers of both the same?"**¹⁸

D. Reed points to the Jewish international as the creators of Zionism and communism.

The United States, which invested over \$5 billion in democracy in Ukraine between 1991 and 2013 - according to Kamala Harris, its strategic partner - is complicit in its destabilization, resulting in the armed conflict of 2014 and its escalation from February 24, 2022, provide weapons to Ukraine, calling it "providing aid."

Since 1991, Americans have invested in security, prosperity and democracy in Ukraine, and the investment was returned to Ukrainians with... war. So today Americans are investing in war.

What is the return on this investment going to be?

The United States provides Ukraine with weapons and equipment of enormous value despite its own great debt. As of August 2024, their national debt was approximately \$35.26 trillion¹⁹. It grows by \$1 trillion approximately every 100 days.²⁰

The debt of the United States confirms the accuracy of the title of Patrick J. Buchanan's book **"Suicide of a Superpower: Will America Survive to 2025?"**, published in 2011.

The United States will survive until December 13, 2024, and then, in 2025, it will be forced to declare bankruptcy.

Americans avoided it in mid-2023, after president Joe Biden signed an act on June 3, 2023 suspending the US debt limit until January 1, 2025. "The New York Times" reported: **„Mr. Biden's signature came just two days before the so-called X-date, when Janet L. Yellen, the Treasury secretary, had said the government would run out of cash to pay its debts. Economists had predicted that if it did so, the resulting collapse in faith in America's financial promises would cause economic instability around the world.**"²¹

The BBC reported on president Joe Biden's justification: **"President Joe Biden has said raising the US borrowing limit averted 'economic collapse', in his first Oval Office address to the nation on Friday.**"²²

The suspension will apply until January 1, 2025. Three months left. They will be followed by... economic collapse.

U.S. debt increased by about \$4 trillion from June 2023, when it was \$31.4 trillion, to August 2024.

After January 1, 2025, the announcements made in June 2023 by US Secretary of the Treasury Janet Yellen and economists, will become relevant again, the US government will be lack of money to repay debts, and the world will be affected by economic instability.

These are the circumstances that bring to mind the diagnosis from April 2013 of Mateusz Morawiecki - later Polish Prime Minister - who, unaware that he was being recorded by the waiters of the restaurant where he was staying with friends, said about the reason for the end of the Great Depression (1929-1939) **Attachment 5: „- Ja trochę tę historię znam i lata trzydzieste chuja a nie wyciągnęły Stany Zjednoczone (...). Wojna wyciągnęła (...).”²³**

Mateusz Morawiecki is a historian. He knows what he's talking about.

The war - in Europe - would be the salvation for the United States, whose authorities have indebted future generations of Americans.

In addition to the imminent - after January 1, 2025 - bankruptcy, the United States faces another great threat. About 25 percent of their citizens want their states to secede.

A commentary on a YouGov survey conducted in February 2024 stated: **“Around one in four Americans say they would support their state seceding — ranging from 9% in Connecticut to 36% in Alaska, among 46 states analyzed. From California to Texas to New Hampshire, calls for state secession have made headlines recently, sparking debates over whether states have a right to secede.”²⁴**

I claim that the United States of America has been preparing the war in Ukraine for over 30 years. The facts confirm this. The project consists of several milestones.

The first stage was investing in democracy in Ukraine, confirmed by Victoria Nuland - from 1991 to 2013, over USD 5 billion.

The second stage - the so-called "Orange Revolution", co-directed by Zbigniew and Marek Brzezinski.

The third is involvement in Euromaidan Uprising. Also confirmed by Victoria Nuland.

The fourth stage is the current supply of weapons and equipment to Ukraine. The US authorities call it the aid.

And if it weren't for the events that I presented chronologically above, there would be no war in Ukraine at all.

This war would not have escalated also without the United States leading not only in supplies of weapons and equipment to Ukraine but also in building a pro-war coalition of leaders of other countries.

The United States has an effective method - introduced several dozen years ago - for winning over the leaders of countries around the world. They create their chosen people as leaders. They have been investing in them - as in democracy in Ukraine since 1991... - they recruit them through the Program created in 1940 by Nelson Rockefeller²⁵, run by the Department of State, eventually named the International Visitor Leadership Program (IVLP) in 2004.

You cannot apply on your own to participate in IVLP. US embassy staff select candidates, bring them to America, where Department State lecturers train them on - among other things - US foreign policy goals.

State Department State officials selected future leaders in Poland, including: **Aleksander Kwaśniewski** (1994), **Donald Tusk** (1995), **Beata Szydło** (2004), **Bronisław Komorowski** (2006)²⁶.

The above-mentioned people, trained by the Department of State in the field of US foreign policy goals, became the leaders of Poles:

1. **Aleksander Kwaśniewski** - President of Poland, from December 23, 1995 to December 23, 2005,
2. **Bronisław Komorowski** - President of Poland, from August 6, 2010 to August 6, 2015,
3. **Beata Szydło** - Prime Minister, from November 16, 2015 to December 11, 2017,
4. **Donald Tusk** - Prime Minister, from November 16, 2007 to September 22, 2014, from December 13, 2023 up to now.

The "headhunters" from the State Department choose odd people, sometimes they are failures in life, with poor education, moral mediocrities, it is possible that they have hidden origins.

As leaders of Poles:

1. President Aleksander Kwaśniewski agreed in 2001 to create a CIA prison in Poland, and in November 2021, together with Bronisław Komorowski, he appealed to bring NATO to Poland.
2. Prime Minister Beata Szydło welcomed US Army soldiers in Poland on January 14, 2017, talking about them: **“The best, strongest, greatest army in the world.”**
3. Prime minister Donald Tusk and president Bronisław Komorowski foreign policy was reviewed by the minister of foreign affairs Radosław Sikorski, in a conversation with the minister of finance, Jacek Rostowski, recorded by waiters in a restaurant - **Attachment 6: „Szef MSZ Radosław Sikorski (...): Sojusz Polska – Stany Zjednoczone jest: „nic niewartym robieniem łoda Amerykanom, którzy traktują nas jak murzynów.” (...). „Sikorski: Wiesz, że polsko-amerykański sojusz to jest nic niewarty. Jest wręcz szkodliwy. Bo stwarza Polsce fałszywe poczucie bezpieczeństwa. (...) Bullshit kompletny. Skonfliktujemy się z Niemcami, z Rosją i będziemy uważali, że wszystko jest super, bo zrobiliśmy łaskę Amerykanom. Frajerzy. Kompletni frajerzy.”²⁷**

Currently, prime minister Donald Tusk is dragging Poles into the war in Ukraine, telling us that **„Whoever defends Ukraine today also defends himself.”** and that **„The defense of Ukraine is the defense of Europe”.**

Today, Ukraine is supplied with weapons by the Americans, who are the sole culprits of the war taking place there.

Jens Stoltenberg, current, since 2014, Secretary General of NATO, was also recruited by the US Department of State in 1988²⁸ to the above-mentioned International Visitor Leadership Program and trained for the purposes of US foreign policy.

In relation to the theses of Douglas Reed presented above: **„After seeing America I felt sure that every effort would be made to use American and British strength a third time to complete the ruin of the Christian area, and even to set these peoples against each other if the purpose could be better served that way. I felt equally sure that the grand design would fail at the last and that the end of the Christian two thousand years is not yet.”** and about the submission of Americans to the Jewish servitudes of Political Zionism and Soviet Communism, I believe that the reason for their accuracy may be that the United States of America is Jewish. Jews had a huge share in the creation of this state. Lots of evidence of this.

One of the last ones was provided by Nancy Pelosi, the first and only woman to hold the position of Speaker of the United States House of Representatives (in 2007-2011 and 2019-2023), on May 2, 2024, she posted on X: **„Nancy Pelosi, American Jews have been a bedrock of our country since before the Revolution, helping secure the promise of liberty and justice for all. This #JewishAmericanHeritageMonth we embrace our Jewish friends, family and community, honor their patriotism and fight anti-Semitism together.”**²⁹

The administrations of subsequent US presidents have been dominated, for decades, by Jews and their family members³⁰. With reference to politicians presented in this letter, it should be noted that Secretary of State Antony Blinken, who is drawing Poles into the war in Ukraine, is a Jew. The above-mentioned former Assistant Secretary of State for Europe and Eurasia, Victoria Nuland, is Jewish.

The situation is similar with representatives of the highest authorities of the Republic of Poland. Recruited in 1994 by the Department of State and trained in US foreign policy goals, the future president Aleksander Kwaśniewski is, according to numerous Internet sources, the son of a Jewish executioner of Poles, Izaak Stoltzman, alias Zdzisław Kwaśniewski.³¹ Andrzej Duda is the spouse of a Jewish woman. He admits he may be a Jewish bastard. During a meeting on January 8, 2020 with representatives of the Jewish community in Poland, he talked about himself: **„I am not able to clearly say that there is Jewish blood in my family. I am not able to do that since we do not have historical sources to that effect. But am I sure? As you know, Ladies and Gentlemen, only the mother knows for sure. Especially in times when technology was still imperfect. That is the great wisdom which was there.”**³²

Radosław Sikorski is the spouse of an American Jewish woman, the father of an American soldier, and his desire is the prosperity of America. During a meeting on February 26, 2024 at the Atlantic Council think tank in Washington, he said: **„Although I am Poland's foreign minister, my wife is American and one of our sons is actually an American soldier. My heart and my duty is to Poland but my interest lies also in keeping America prosperous and confident enough to stay faithful to its allies.”**³³

In the same chorus as the US Secretary of State, the Jew Antony Blinken, Radosław Sikorski incites and provokes, claiming that Poland's interception of missiles flying towards Polish territory would be justified self-defense.

They both know your position on this matter.

His boss, Donald Tusk, is a cruel and stupid person, a servant of the Jews - I am neither surprised that the US Department of State recruited him in 1995, nor that he allowed himself to be recruited - but the foreign policy he pursued in the period when he was first Prime Minister, the then Minister of Foreign Affairs in his government, Radosław Sikorski, presented the then Minister of Finance, Jacek Rostowski, as I presented above— **Attachment 1**.

Mr. President,

On September 27, 2024, Ukrainska Pravda published release: **“US President Joe Biden will chair a meeting of the Ukraine Defence Contact Group (also known as Ramstein-format meetings) on 12 October in Germany.**

Source: statement by the White House after Biden's meeting with Ukrainian President Volodymyr Zelenskyy
Quote: “On 12 October 2024, President Biden will host a leader-level meeting of the Ukraine Defence Contact Group in Germany, where the two leaders will review progress on these consultations and coordinate with international partners on additional assistance for Ukraine.

President Biden is determined to provide Ukraine with the support it needs to win.”³⁴

Joe Biden gives the impression of being sick, perhaps insane (e.g. he was “shaking hands” with the air”, he falls over, confused president Zelenskyy with yourself and Donald Trump with Kamala Harris etc.).

And President-Elect Joe Biden's grandkids are all Jewish, after each of his children married a Jewish spouse. Biden's incoming Chief of Staff Ron Klain is also part of a Jewish interfaith couple, making the incoming administration arguably one of the most Jewish and interfaith-friendly ever. The incoming Biden Administration is also part of a growing trend of Jewish interfaith families in positions of power within U.S. politics. Outgoing President Trump's grandkids are Jewish, too, after his daughter Ivanka converted to Judaism before marrying White House advisor and son-in-law Jared Kushner. And you might remember that in 2010, former First Kid Chelsea Clinton married Marc Mezvinsky — another Jewish interfaith couple — or that Speaker of the House Nancy Pelosi is also part of an interfaith family. One of her daughters married a Jewish man, and the Speaker has spoken with pride about her Jewish grandkids.”**

If he is determined to provide Ukraine with the support it needs to win, during meeting of the Ukraine Defence Contact Group (Ramstein-format) on October 12 – or later on – he will publicly announce that Ukraine has legal right to strike deep into Russia.

If he is insane, he does not realize that if the Jew Volodymyr Zelensky exercises this right, it will for sure mean the beginning of the World War III. If he is sane, he will consciously start this war.

Whether it is for the reasons presented by Douglas Reed in the above-mentioned book "Far and Wide", i.e. the goal of the final conquest and destruction of Christianity, or the goal of avoiding the obligation to declare bankruptcy after January 1, 2025, with its consequences for the entire world - it is possible that due to both of these causes - the leaders of the Jewish, racist, collapsing United States of America, as if mindful of the correct diagnosis of the former Prime Minister of the Republic of Poland, historian, Jew Mateusz Morawiecki „*Ja trochę tę historię znam i lata 30. chuja, a nie wyciągnęły Stany Zjednoczone (...). Wojna wyciągnęła.*”³⁵ (Attachment 5) organize World War III.

World Wars I and II ended with the successes of their organizers, the Zionist Jews, and they were their greatest beneficiaries. More than 14 million people died in World War I, and more than 60 million in World War II, which constituted about 3% of the world's total population.

The Americans, who have been organizing another war since 1991, have allies in the leaders of other countries and international organizations, including those recruited in the past, paid for by the US Department of State and trained in the US in the field of US foreign policy goals.

After the current war in Ukraine develops into World War III, those who survive will admit that Lord Acton³⁶ was right, i.e.: ***“The appalling thing in the revolution is not the tumult but the design. Through all the fire and smoke we perceive the evidence of calculating organization. The Managers remain studiously concealed and masked but there is no doubt about their presence from the first.”***³⁷

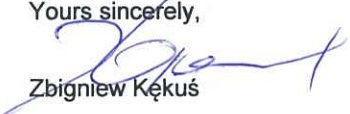

No reasonable, experienced, history-savvy observer has any doubts about the secret order, knows who these calculating organization are, whose presence in Ukraine since 1991 has been presented as an investment in the future prosperity of Ukrainians and democracy for them. With consequences in the form of war. Fueled by the supplies of weapons and equipment, called aid to Ukraine. Hypocrisy, lies, fraud.

Because the statements and claims of the Polish leaders, i.e. the Jewish spouses, Andrzej Duda and Radosław Sikorski, and Donald Tusk, the servant of the Jews for many years, regarding the causes of the war in Ukraine and its course, aim to involve Poles in this war - which is what the president of Ukraine, Jew Volodymyr Zelensky, US Secretary of State, Jew Antony Blinken and others are aiming for - I would like to inform you that these statements, which are detrimental to the good of Poland and the prosperity of Poles, provoking war with Russia, and consistent with the interests of the United States of America, and Zionists there, have not been consulted with Poles.

I kindly ask you to keep this in mind - and pass it on to the Russians - when:

1. by defending the Russians against the aggression of those allied against them - with the United States of America at the forefront - you will carry out actions after which the leaders of the US and/or other NATO countries will announce to the world that it is Russia and your fault that World War III is breaking out,
2. Polish politicians, Andrzej Duda, Donald Tusk and Radosław Sikorski will drag Poles into the war in Ukraine, which the leaders of the United States of America have been preparing since 1991.

Yours sincerely,

Zbigniew Kękuś
