Commission

Health and Food Safety

Dear Commissioner Kyriakides,

The COVID-19 pandemic showed how crucial is that the European Union seek to ensure equitable access to COVID-19 vaccines to all European citizens and beyond, as common goods for health.

As expressed in our intention letter of 17 June 2020, Poland supports a common EU approach in this matter and the European procurement initiative. It is my pleasure to confirm that Poland has exhausted the required national procedures for signing up to the Agreement.

I look forward to our continued close cooperation.

Yours sincerely,

Maciej Miłkowski
